Strategic Advisor | Industry 4.0/5.0 & GxP Compliance | Interim Executive

Accomplished board-level Principal Consultant, Managing Director, and Non-Executive Adviser with over 30 years' leadership experience in industrial digital transformation, automation, validation, and governance for the life-sciences sector. Founder and Group Managing Director of Knott Advisory (strategy-focused, board-level consultancy for digital transformation, organisational governance, and Industry 5.0 transition) and Knott Automation Projects Ltd (delivery-focused, engineering and validation for regulated manufacturing).

Recognised for sector thought leadership, collaborative board engagement, and generation of practical, empirically grounded solutions that underpin robust digital/AI initiatives, regulatory compliance, and capability development. Recent MBA with Distinction (Leeds, 2025, top of cohort) demonstrates sustained commitment to critical scholarship as well as executive delivery. Actively seeking mandates where deep domain knowledge, strategic influence, and evidence-based advisory impact are critical to success.

Key Areas of Expertise

- | | | |
|--|--|--------------------------------|
| • Business & Operations Management | • Programme & Project Management | • Technical Leadership |
| • Automation (PLC, SCADA, DCS) | • Manufacturing IT (Infra, MES, Historian) | • Electrical & Instrumentation |
| • User, System & Functional Requirements | • Design - Software, Hardware & Testing | • Batch ISA-88 & ISA-95 |
| • Quality Management Systems | • Computerised Systems Validation | • Artificial Intelligence |

Career Experience

Group Managing Director Knott Advisory & Knott Automation Projects Ltd | Global |

Jan 2012 – Present

Leading two synergistic brands under one corporate umbrella:

Knott Advisory: Boutique board-level advisory focused on digital transformation strategy, organisational governance, leadership coaching, regulatory risk, and business model innovation in life-sciences/pharma, with specialist expertise in human-centred AI and Industry 5.0.

- Advise FTSE-listed and multi-national clients on digital/AI governance, quality, compliance, and programme rescue.
- Act as a confidential sounding board for boards and executives in transition; mentor leadership teams on embedding digital culture and future-readiness.
- Oversee strategic partnerships, bid strategy, and sector external relations across both brands.
- Originate and sponsor advanced research and professional development initiatives; keynote speaker and adviser to sector working groups.

Knott Automation Projects Ltd: Delivery partner for capital and operational projects, offering hands-on automation, computerised systems validation (CSV), and digital implementation support in GMP manufacturing settings.

Key Assignments:

GE Healthcare Global – 2024

Position – Programme & Project Manager MES/eBR (PAS-X) and Historian (AVEVA PI System) - Basic Design

SolutionsPT – 2023

Position - CSV, CSQA SME – ProcessVue (Product Validation) and Octoplant Deployment Projects.

Jacobs for Novo Nordisk – 2022

Position – CSV Lead/SME – CSV Strategy New Build Global Projects

Cognizant – July 2021 – Dec 2021

Position – Programme/Project Director - MES Projects - Life Sciences

NEOSS, Harrogate, UK (Medical Devices) – Dec 2020 – Feb 2021

- QA & CSV Strategic Expert – Level 4 IT System (EDMS, Change Control, IT Infrastructure) – Providing Strategic, CSV Consultancy – ISO 13485, GAMP 5, FDA GxP/ 21 CFR Part 11, Risk Assessment, GAP Analysis, VMP and URSs.

Takeda, Singen, Germany (Fill/Finish)

Position – Programme & Project Manager – Feb 2020 – Nov 2020

- Level 2 – Level 3 Automation Equipment Upgrade Project (150 System) – 5 workstreams – Concept, Basic Design, Capital Approval Request, Project Management Plan & Managed Execution Phase – System Architecture based on Siemens S7 1500, Virtualised Servers, WinCC, ProfiNet, PM Control/Quality. MES Werum PAS-X, AspenTech IP.21 Historian, OPC-UA, PackML & Plug & Produce (Pharma 4.0).

Janssen (JnJ) Geel, Belgium (SM API)

Positions - Automation & CSV Project Leader – 2016–2019

- DeltaV 11,000 IO, Multi-Purpose SM API Facility; Formed & supervised all teams from Basic Design to Handover using a Hybrid Lifecycle.
- Site-wide DeltaV Infrastructure Project (virtualised architecture) and Site Automation Network Shared Services System (Integration with Level 3 Systems OSIsoft PI and Werum PAS-X).

PALL Life Sciences for BMS (LSM API), Cruiserath, Dublin, Ireland

Position - CSV Principal Consultant – 2016

- Subject Matter Expert for supporting a System Integrator with a GAMP 5 project. Prepared QMS and all life cycle documents for AutoPak Chromatography Columns—Siemens TIA (S7/WinCC).

Dr Reddy's West Yorkshire, UK (SM API)

Position - Principal CSV/Automation SME – 2015–2016

- Gap analysis, Audit of Supplier (Siemens), remediation planning and project management for Siemens PCS 7 batch control System – Bulk API (SM) Facility.
- Developed site automation strategy, including system analysis for MES/eBR solutions.
- Developed site CSV and Data Integrity SOPs.

Bio Products Laboratory Elstree, UK (Blood Fractionation)

Position - Site Automation & CSV SME – 2015

- Validation of Aseptic Filling Lines, Washers, Fractionation Control System upgrades, migration of PLCs and HMIs, and vision system upgrades to packing lines (Bottles/Vials of Blood Plasma).
- Developed site automation strategy, including system analysis for MES/eBR solutions site Data Integrity Policy/SOPs.

Dynavax (Rhein Biotech), Dusseldorf, Germany

Position - Interim Automation Manager – 2014–2015

- Developed Site Strategy
- Executed System Inventory, Site Strategy, and Management of automation-related CAPAs.

Gedeon Richter, Debrecen, Hungary

- **Position - Technical Consultant & Project Manager (Bio-Similar) – 2012**
- Led ABB 800xA DCS System implementation activities for a new Bio-Similar biotechnology plant.

PM Group, Global

2008-2012

Position - Principal Automation Consultant - Global Technology Group & Business Manager Automation & Information Systems (AIS) Business

- Formed and led the AIS Business recruited core team (10 engineers) and established client base (GSK, Sanofi)
- Global responsibility for the development of PM Group Automation Standards and Strategic Direction S95 (Levels 1 to 3)

FLUOR, UK & Ireland (Europe)

1999-2008

Position - Business Unit Director Process Automation Group (PAG) & Computer System & Equipment Validation – Manufacturing and Life Sciences Europe

- Project Director – GlaxoSmithKline, Stevenage & Beckenham– Biopharma Process Development Control & SCADA
- Automation Team Manager – Novo Nordisk Engineering, Denmark - Insulin Bulk Plant (Upstream) – ABB Sattline
- Project Manager – Greater Gabbard Offshore Wind Farm – SCADA, Control and Telemetry Systems – Basic Design

John Brown Engineers & Constructors (Kvaerner John Brown) Portsmouth – Systems Control Group

1992 to 1998 Positions - Senior Engineer, Principal Engineer, Technical Consultant and Operations Manager

- Lead Engineer – GlaxoWellcome – Biology Plant Automation System
- Lead Engineer – Zeneca – Quorn II Automation System

Siemens UK & Germany

1978-1991

Positions – Started as a Technician Apprentice, sponsored through university, promoted after graduation at yearly intervals from Assistant Application Engineer, Senior Engineer to Technical Project Manager – Automation Engineering.

Education / Certificates

European Engineer and UK Chartered Engineer (EUR ING, CEng) – 1991

Fellow of the Institution of Engineering & Technology and Institution of Measurement and Control (FIET, FInstMC) - 2021

Chartered Manager and Fellow of the Chartered Management Institute (CMgr, FCMI) - 2021

Fellow of the Association of Project Management (FAPM) – 2021

PMI - Project Management Professional, Agile Certified Practitioner (PMP®, PMI-ACP®) - 2021

APM Project Fundamentals Qualification (PFQ) and Project Management Qualification (PMQ) – 2021

Executive Doctor of Business Administration (DBA) - Part-Time – Jan 2026 onwards
Aston University, Birmingham

Master of Business Administration (MBA) Full-Time - High Distinction >75%
Leeds University Business School

Exceptional Non-Executive Director (NED) Programme - 2025
Leeds University Business School

Executive Education - 4 Executive MBA Modules - Distinctions - 2024/25
University of Warwick (Warwick Business School)

Honours Bachelor of Science (BSc) in Electronic & Electrical Engineering (Thin Sandwich)- 1st Class - 1986
Diploma in Engineering (Dipl Eng) - Engineers Degree - Process Automation (two years post BSc) - 1993
University of Salford, Manchester, UK

ONC & HNC in Electronic Engineering – Distinctions – 1982 - 1986
South Cheshire College, Crewe

Artificial Intelligence - Professional Certificate Course (82%) – 2021
University of Oxford (Saïd Business School)

German Language – Level II (3-months full time) - 1987
Sprachen Institut von Rothkirch - Prien am Chiemsee, Bayern, Germany
